2025 - Present

PROJECTS/TRAINING

AUG 2024

Ardent computech 40hrs offline training on Mern stack

Attending the MERN stack training at Ardent Computech was a valuable experience. The program covered the fundamentals of MongoDB, Express.js, React.js, and Node.js in a structured and hands-on manner.

2024

Smart India Hackathon (college level)

Participated in the Smart India Hackathon, where our team worked on a project focused on face detection technology. We developed a solution using advanced algorithms to accurately identify and verify faces, ensuring efficient performance even in challenging scenarios.

Tata Strive/Microsoft cyber suraksha 40hrs/online

2023

I completed the 40-hour Tata Strive/Microsoft Cyber Suraksha online program, which focused on foundational cybersecurity concepts and practices. The training emphasized identifying cyber threats, implementing safety measures, and promoting secure online behavior. It provided practical insights into cybersecurity, enhancing my awareness and skills in maintaining digital safety in both personal and professional settings.
